DIRECTIONS CONCERNING FREE ENTRY OF PUREBRED ANIMALS IMPORTED FOR BREEDING PURPOSES

Address all questions relating to duties to the United States collector of customs at the port of entry. In all cases the duty is assessed or bond given for its payment at the time of entry. Refund is made or the bond canceled after the importation has been certified as purebred.

The Department of Agriculture issues the certificate of pure breeding which the collector of customs requires as one of the conditions of free entry. The certificates are issued only if the following requirements are met:

1. The importer must be an American citizen.
2. The horse, bovine, sheep, swine, goat, dog, or cat must be registered in one of the foreign books of record listed in this order, or must be acceptable for registry by an American breed record association having reciprocity with the foreign association with which it is recorded.
3. The animal must be accompanied at the United States port of first arrival by:
 - (a) Pedigree certificate.
 - (b) Complete transfer of ownership from foreign breeder to American importer.
4. After the animal has been examined by a Federal inspector, the pedigree certificate and transfer must be forwarded to the Bureau of Animal Industry, Washington, D. C. They will later be returned to the sender.
5. Description of the animal taken at port of entry must agree with pedigree certificate as to age, sex, color markings, and other identification such as eartag and tattoo markings.
6. An application for certificate of pure breeding must be made showing:
 - (a) Number of animals imported, their breed and sex.
 - (b) Port of arrival into the United States.
 - (c) Name of vessel, express company, or other carrier.
 - (d) Date of arrival.
 - (e) Name and address of importer.

7. An affidavit^a of identity must be furnished, signed by the importer or his agent, stating that the animals are identical with those described in the accompanying pedigree certificates. This must be acknowledged before an officer having authority to administer oaths, who must attach his official seal thereto.

Importers may obtain from Federal officials at port of entry or from the Bureau of Animal Industry, Washington, D. C., application and affidavit forms for use in applying for the certificate of pure breeding. These forms are:

- (a) A. H. Form 105, Application for Certificates.
- (b) A. H. Form 283, Affidavit of Identity.

Address all communications regarding this order to: Chief, Bureau of Animal Industry, United States Department of Agriculture, Washington, D. C.

REGULATIONS GOVERNING THE RECOGNITION OF BREEDS AND BOOKS OF RECORD OF PUREBRED ANIMALS

Regulation 1.—Certification of Purebred Animals

SECTION 1. Issuance of certificates of pure breeding.—The Bureau of Animal Industry of the Department of Agriculture shall issue certificates of pure breeding under the provisions of this order and forward them to the collector of customs at the port of entry.

SEC. 2. Requirements for issuance of certificates of pure breeding:

Paragraph 1. Application for certificates.—An application for certificates shall be made to the Bureau of Animal Industry on forms furnished or approved by the Department, showing the number of animals imported, the breed and sex, the port of arrival into the United States, customs entry number, the name of the vessel or carrier by which shipped, and the date of arrival. This application may be signed by either the owner, agent, or importer, stating the name and address (in the United States) of the owner of the animal or animals.

Par. 2. Certificates of pedigree.—Certificates of pedigree for such animals, issued by the custodian of a book of record given in regulation 2, section 2, of this order, or which are acceptable to an American registry association having reciprocity with the foreign association in the registration of animals, shall be furnished to the Bureau of Animal Industry. They will later be returned to the sender.

Par. 3. Transfer of ownership.—Complete transfer of ownership from the breeder to the importer shall be furnished, such transfer to be recorded on the pedigree certificates, or on official certificates of transfer of the registry association.

Par. 4. Affidavit of identity.—An affidavit, duly acknowledged before an officer having authority to administer oaths and bearing his official seal, from the owner, agent, or importer, that the animals so imported are the identical animals described in the certificates of pedigree, shall be furnished to the Bureau of Animal Industry.

SEC. 3. Examination of animals.—An examination (for the purpose of determining identity) shall be made by an authorized Federal inspector at the coast or border port of arrival of all animals imported under these regulations. All such animals must be accompanied to the United States customs port of first arrival with pedigree certificates and transfers in order that identification may be accomplished. If the animals are moved from such port prior to the presentation of the pedigree certificates and transfers, such action shall constitute a waiver of any further claim to certification under these regulations. Descriptions of animals taken by the Federal inspector must agree with the records for these animals as given in the pedigree certificates. The certificates of pure breeding will not be issued until these descriptions are received in Washington, D. C.

SEC. 4. Eligibility of animals.—When the provisions of this order have been otherwise complied with, animals will be certified as purebred which have been fully registered in good faith in a book of record for one of the recognized breeds given in regulation 2, section 2, of this order, except those which have been registered on inspection, without regard to purity of breeding.

Regulation 2.—Recognition of Breeds

SECTION 1. Current books of record required.—Custodians of books of record for recognized breeds should forward volumes of their books of record as soon as published in order to receive continued recognition. Address such books to the Chief of the Bureau of Animal Industry, in care of the United States dispatch agent, 45 Broadway, New York, N. Y., U. S. A.
